Eleco plc acquires £934K turnover fixing systems supplier, Downer Cladding Systems for £950,000 in cash

'I am delighted that Downer is joining the Eleco Group. Its activities in the rainscreen cladding market will compliment the roofing and cladding business of our SpeedDeck Building System subsidiary. Downer has a highly experienced technical team, which has developed an excellent reputation for service and technical support within its industry. We look forward to working with them to develop and grow Downer's business'

John Ketteley
Executive Chairman
Eleco plc

Swedish company MINEC a manufacturer of portable terminals was acquired by Datalogic Spa for Euro 2.846 million.

'The acquisition of MINEC falls within the compass of the larger process of financial resource utilisation acquired during the recent stock exchange listing. In fact this is a company which takes on great importance for Datalogic's increasingly global strategy, for the considerable opportunities of growth that the markets in which it is largely rooted will be able to shortly guarantee in terms of turnover and profit.'

Roberto Tunioli
Vice Chairman and CEO
Datalogic S.p.A
