Dear David

Centrewire Ltd

You probably know that the sale of my company was completed on Wednesday. I wanted to contact you to say how pleased I am that I made the decision to work with BCMS. It seems a very long time ago that we sat in your office going through the BCMS procedures for selling a company and we have never had a moment of doubt that we made the right choice.

Inevitably, there have been peaks and troughs along the way to the sale but your colleagues have given us excellent support and advice and have done everything possible to make sure that we were very well prepared for each stage in the process. As a result we were able to progress through each stage with confidence. We have been extremely impressed by the high calibre and professionalism of all the people we have come across at BCMS, in particular Mary Edwards and Luc Juffkins whom we have come to know well. We would certainly have struggled to complete without Luc's wise advice, patience and excellent grasp of the ongoing situation.

We hope to celebrate the sale with all the people at BCMS who have contributed to the successful outcome for us and look forward to saying 'thank-you' to everyone next Friday - we're bringing the sandwiches and champagne!

With very best wishes

Tom
