Dear Rob,

I leave my desk and my office in about an hour for the very last time. Before doing so I thought I had to write and thank you and your team for all their excellent work, in helping Maitland and me with the sale of Clydeforth.

I particularly found the "dry run" meeting useful, but just having your company there, as an intermediary and advisor, with the constant possibility of competitive bidders coming into play, kept the buyers on their toes.

Once again thank you and I wish you every success in the future.

Yours sincerely,

  
Jim Meikle
