**Subject:** MANY THANKS

Dear Andy,

Many apologies for the delay in passing our sincere thanks for all that you, and all at BCMS Corporate, did in facilitating the sale of Recommit Ltd. We entered the process with our hearts in our mouths but were very quickly reassured from the first presentation that the BCMS Corporate approach would be effective and painless!

The advice, coaching and support we received from you throughout was first rate and more importantly very effective. You achieved a much higher response to the initial circulation that we could ever have imagined and were ultimately left with a number of potential purchasers to choose from. We believe that with your help we chose the right company and achieved a fair (but higher than anticipated) value and terms.

We have no hesitation in endorsing and recommending your services - you do exactly what it says on the tin! Thank you very much.

Geoff and Jane Corani  
Recommit - Sims Ltd (still here but counting!)
