Luc & Kim,

On behalf of myself and Russell, I would like to thank you for the fine bottles that arrived this week; and also to convey our thanks to you both and everyone else at BCMS Corporate for the professional way you handled and guided us through our transaction. I have to say Luc has been very pro-active in trying to maximise our return, particularly when it seemed that we were not going to agree on a price. It is a pity that we have never actually met Luc, if you are ever up this way it would be good to go for a beer !

I am now off for a much - needed week's skiing break in Austria!

Best regards

Dave
